SHOP DRAWINGS/KEY AREA INSPECTION

CUSTOMER ALERT!

Site Inspection Required Prior to First Ground Disturbance

Call (206) 684-8860

A DPD site inspection is required prior to any ground disturbance related to this permit, including tree cutting, clearing, grubbing and grading. Temporary Erosion and Sediment Control (TESC) measures must be in place for DPD inspection and approval.

A pre-construction meeting may also be required, in addition to the above site inspection, for projects with Special Inspection Requirements. Not every project may require a pre-construction meeting.

For any temporary and/or permanent construction work planned in the public right of way, contact SDOT at (206) 684-5044. Temporary storage of constructions materials will require a permit from SDOT.

Street Tree Inspection by SDOT Required

Protection and/or planting/pruning/removal of street trees requires SDOT inspection and approval.

CALL PRIOR TO CONSTRUCTION: Commercial/Multifamily Zones, (206) 684-5693

Single Family Zones, (206) 684-5047

Water Service Inspection by SPU Required

All water service piping on property must be inspected prior to backfilling trench. For information and inspection call Seattle Public Utilities (SPU) at (206) 684-5800. For water quality backflow protection information and inspection call SPU at (206) 684-3536.

Temporary Dewatering Plan with SPU Required

If a project requires temporary dewatering, please contact SPU Customer Service at (206) 684-5800 to establish a plan for dewatering.
